

ENERGY SAVINGS EXPO

Date: April 24, 2010

Time: 9am–1pm

Carroll County Energy Savings Expo

Who: Sponsored by:

- Carroll Community College
- Carroll County Times
- Sustainable Carroll (Office of CC Sustainability Coordinator)

What: An opportunity for Carroll County residents to speak with energy suppliers/brokers and learn ways to take advantage of energy discounts on their utility bills. Residents will learn about energy saving opportunities for homes and businesses. A panel discussion and ongoing seminars will be held on the benefits of energy choice and on energy saving through choice in suppliers as well as what to look for in a new supplier.

Why: Energy choice has been available to Marylanders since June of 2009; however, relatively few residents and businesses have taken advantage of the savings available because the program has been so poorly publicized. Sustainable Carroll is facilitating in getting the information out to the citizens of Carroll County in hopes that the majority of its 68,000 residences and some business will take advantage of the potential in millions of dollars in savings.

Where: Carroll Community College, 1601 Washington Road, Westminster, MD. Building K Conference Center.
