WATER MAIN BREAK REPAIRED

Major main break on Hawthorne Court is now fixed

Westminster, MD – The Utility Maintenance department has completed work to repair a broken water main on Hawthorne Court. Crews have restored water service to the line. Residents on Hawthorne Court and in the surrounding areas may experience discolored water until the line is completely cleared.

Residents may experience discolored water for several hours after the repair was completed. If discolored water is discovered in your home **do not use hot water**, as the discolored water will collect in your hot water tank and last longer. Use cold water only until the water runs clear, which indicates that the water line is clear in your home.

For more information, please call the City switchboard at 410-848-9000 between 8:30am and 4:30pm.
