NEWEST WESTMINSTER CITY WATER BILLS REFLECT INCREASED RATES

New water rates will show on bills previously at old rates

Westminster, MD -Residents of Westminster will receive the latest round of new water bills this week. These bills reflect the current water rates for the entire quarter. It is important for residents to understand that their previous bill reflected the entire quarterly amount at the old rates. The new rates were adopted by the mayor and city council, through Ordinances 801 and 802 on April 13, 2009, and took effect on July 1, 2009. Although the bills include higher rates, residents are encouraged to read the usage charts to determine if a higher-than-usual amount of water was used during the past quarter. If you suspect an irregularity with your usage, please call the Finance Department at 410-848-3255 to discuss the problem. For more information about the new water rates, there is a calculator available on the city website www.westminstermd.gov.
